Exports Show Big Increase While Imports Make Decrease.

Washington, D. C., Dec. 2.—Continued prosperity in Hawaii was noted in the annual report today of Gov. C. J. McCarthy. Exports of all kinds, including sugar and other foodstuffs, were valued at \$18,222,821, while imports were \$10,222,821, a decrease of \$8,000,000 compared with the year before.

Enforcement of the prohibition act has resulted in a marked decrease in crime. Gov. McCarthy said, but "there is a large quantity of illicit liquor manufactured, and authorities are endeavoring to stamp out this traffic."

Utilization of stills made of galvanized iron has poisoned the flour in some cases, the report stated. Jail sentences instead of money fines were suggested as a check on the traffic.

Seventy-nine corporations, including mercantile, agriculture, banking and savings and loan companies, were incorporated during the year. Twenty-six banks are in operation in the islands. Their total deposits are \$15,349,114.

Need Harbor Appropriations. Additional appropriations to improve the harbors are needed, the report said, so as to provide adequate facilities for the increasing number of trans-Pacific liners stopping at the islands. Concrete piers, varying from 450 to 515 feet long are under construction by the United States engineering service and the necessary shops for making repairs to vessels also have been provided.

## New York City To Be Rome Of Episcopalians

New Administration Is to Follow Outlines of the Church of Rome.

New York, Dec. 2.—A new method of administration of the Protestant Episcopal church adopted at the recent triennial convention in Detroit will make New York city to that denomination in many respects what the city of Rome is to the Roman Catholic church, says the New York Herald today.

According to the Herald, the Episcopal church in the future will be directed by a presiding bishop and a body of 21 to be known as the council of the Protestant Episcopal church. The presiding bishop, it is said, will be the Rt. Rev. Thomas F. Galligan, bishop of the Episcopal diocese of Tennessee, who will come here shortly to take up his new work.

Bishop Galligan's functions are said to correspond in many respects with those of the pope in Rome and those of the council with the functions of the Roman Catholic college of cardinals. Galligan, the pope, however, who is elected for life, Bishop Galligan will hold office only for six years.

Selection of New York as the Episcopal center, says the Herald, was made at the first meeting of the council held secretly in Washington on November 23.

FIRE DESTROYS CHURCH. Charles City, Ia., Dec. 2.—Fire of undetermined origin completely destroyed the Catholic church in this city. The loss of the edifice, which included costly interior decorations, is estimated at \$75,000.
